

## Dear Friends,

Each year, millions of Americans experience chronic dizziness and imbalance issues caused by one of many vestibular disorders. In addition to dizziness and balance, vestibular disorders often produce disabling symptoms that include vertigo, hearing and vision problems, and difficulty concentrating. These life-altering symptoms can deeply inhibit a person's ability to perform basic day-to-day tasks, and are compounded by their invisibility to others, making it difficult to understand that a person with vestibular dysfunction is profoundly struggling to remain oriented and functional.

The Vestibular Disorders Association (VEDA) is committed to serving the "dizzy" community and raising awareness of the signs and symptoms of a vestibular disorder by seeking to reduce diagnosis times and improve effective treatment options. To impact a greater number of people, VEDA is hosting Balance Awareness Week from September 16 - 22, 2013. We invite you to join us in this campaign to "Defeat Dizziness" through one of our sponsorship opportunities.

We offer a comprehensive recognition package (see accompanying information). We are committed to providing maximum return of investment. Please let me know if you would like a customized package to meet your needs. We sincerely hope you will find our information, education and advocacy programs worthy of your support and will join us as we work to decrease diagnosis times, enhance treatment outcomes, and improve the quality of life for people with vestibular disorders.

Thank you for taking the time to review this request. We truly appreciate your support. I look forward to talking with you soon.

Sincerely,

TONY STASER DEVELOPMENT DIRECTOR

# Fact Sheet

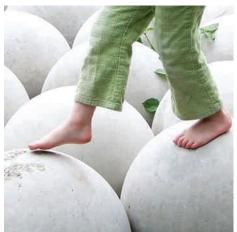

# WHAT

Balance Awareness Week is a national event to "Defeat Dizziness" hosted by the Vestibular Disorder Association to raise awareness and funds to help those affected.

# **WHY**

To help people recognize the symptoms of a vestibular disorder, and urging them to seek help from a professional for a quick diagnosis in order to receive effective treatment. Balance Awareness Week also strives to educate the general public about how balance dysfunction can impact people's ability to perform common day-to-day activities and responsibilities.

### WHEN

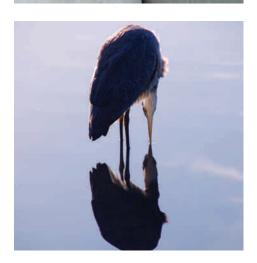

September 16 – 22, 2013

#### WHERE

Cities throughout the United States, the UK and Australia.

### HOW

Supporters of VEDA will raise awareness and funds through a variety of fun activities and events.

#### WHO

Patients, Vestibular Specialist / Physicians, Physical Therapists, Hospitals & Clinics, Family Members, Yoga Studios, Community Groups, Senior Centers, Support Groups, etc.

# **VOLUNTEER**

To volunteer with VEDA or inquiries regarding Balance Awareness Week, contact Tony Staser at 503-294-9085 or tony.staser@vestibular.org.
